## ***Supplemental Questionnaire***

Please respond to each question and return this form and your responses to the Human Resources Department. This supplemental questionnaire will be a primary tool in the evaluation of your application. Answer each question in sufficient detail so that the evaluator can understand precisely what your experience and accomplishments have been. The supplemental information that you provide will be evaluated along with your completed application form and resume for further consideration in the examination process. **Please limit your response to this supplemental questionnaire to no more than 2 single-sided pages with your name on each page.**

1. Please describe your most challenging set design. What challenges did you face in the initial design and through-out the process and how did you over come them?
2. What experience do you have in designing lights for theatre?
3. If given a preference, what light board would you choose to work with and why?
4. What experience do you have in sound design? How do you control feedback?
5. How do you prioritize your work when designing for a show?
6. Do you have a portfolio to document your work, if so please be able to provide it during the evaluation process?
